## THE EMERGENCE OF A FRENCH TALENT

At just 17 years old, **Arthur Dorison** is establishing himself as one of the greatest hopes in French motorsport. Supported by the **FFSA Academy** and mentored since 2019 by his sporting sponsor Pierre Gasly (F1 driver – Alpine), Arthur has quickly transformed the potential he showed in karting into remarkable performances in single-seaters.

## EXEMPLARY PROGRESS

Spotted at a very young age for his driving skills and maturity on the track, Arthur distinguished himself from the outset: **French OKJ FFSA Champion**, then **FIA Karting Academy World Champion** in 2022—a historic achievement that propelled him to the forefront of his generation.

In 2025, Arthur showed exemplary progress in the **French F4 Championship**: methodical work, strategic sense, racing intelligence, and pure speed. Through consistency and determination, he rose to become **Vice-Champion of France F4**.

Determined, dedicated, and passionate, Arthur embodies this new generation of drivers trained for excellence and focused on performance. His ambition: to climb, step by step, the ladder leading to Formula 1.

*Every season is an opportunity to learn, grow, and push my limits. I want to build my career on rigor, respect, and performance.*  
- Arthur Dorison

## DISCOVER ARTHUR DORISON IN ACTION

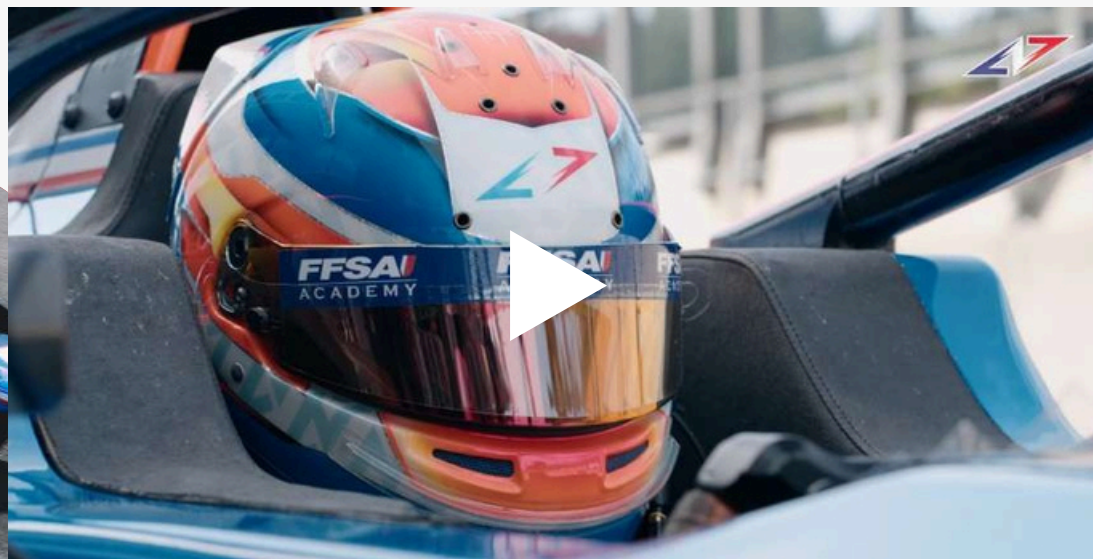

Immerse yourself in the world of a young driver on the rise. In this video, **Arthur Dorison** looks back on his career, his beginnings, his ambitions, and the challenges that shaped his progress to **Formula 4**.

From his early victories in karting to his title as **French F4 Vice-Champion**, this immersion reveals a determined, methodical, and passionate competitor. Through race footage, behind-the-scenes footage, and testimonials, we discover a well-rounded driver driven by a single conviction: to give his all to reach the highest level.

*Every season is a step toward my dream. Every race is an opportunity to prove that I deserve my place.*

*- Arthur Dorison*

## FRENCH F4 RUNNER-UP 2025

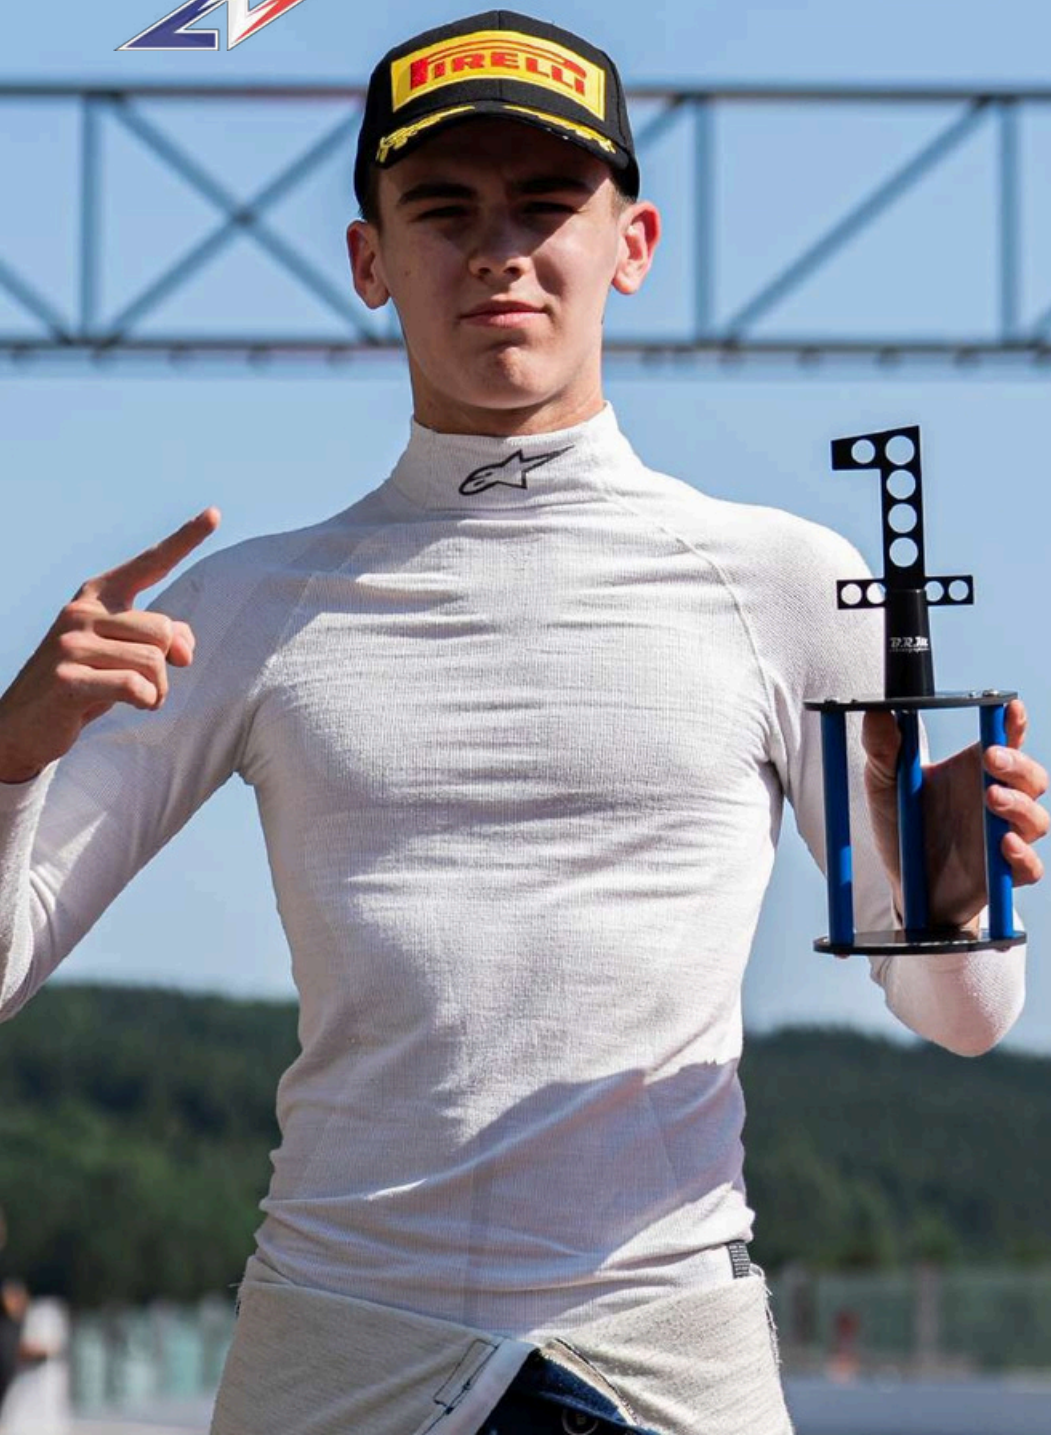

The year 2025 will remain a turning point in Arthur Dorison's career. The young French driver impressed with his ease and ability to perform against the best young European talent.

Competing in the **French F4 FFSA Academy Championship**, Arthur quickly found his feet. On demanding circuits such as **Nogaro, Dijon, Spa-Francorchamps, Magny-Cours, Ledenon, and Le Mans**, he turned every race into a demonstration of his mastery.

The result: **several podium finishes, races led from start to finish, and a battle that went down to the wire for the French F4 Championship title.**

He finally clinched the title of **French Vice-Champion in 2025**, crowning a season of confirmation.

This season has also allowed Arthur to strengthen his reputation among motorsport stakeholders, while confirming his status as a **driver to watch in the endurance racing sector, with a view to moving into hypercar racing.**

*After years of success in karting, Arthur Dorison took a key step forward by joining the FFSA Academy for his debut in Formula 4.*

*This transition to single-seaters revealed the full extent of his talent, and in his very first season, Arthur established himself among the best, confirming that he was ready for the highest level.*

## A STRATEGIC CHOICE: ENDURANCE

Arthur made a conscious decision to focus his career on endurance, a demanding discipline that requires consistency, precision, and team spirit.

**Its medium-term goal is clear:** to enter the Hypercar category, the pinnacle of global endurance racing.

As part of this drive for structure and performance, Arthur joined the **Aston Martin Academy**, a program of excellence designed to support high-potential drivers in their progress toward the highest level of motorsport.

Continuing his rise to prominence, Arthur joined the **Comtoyou Racing team to compete in the GT World Challenge Europe – Sprint** championship in the GT3 category, driving an Aston Martin. This program allows him to develop his skills in an ultra-competitive environment and compete against the best drivers in Europe.

As the highlight of the season, Arthur will also compete in the **24 Hours of Spa**, a legendary race and global benchmark in GT3 endurance racing, representing a key step in his journey toward the highest level.

- **Automoto Channel** : Live coverage and dedicated highlights, often in full for GT3 races, via SRO/FFSA partnerships.
- **Eurosport 2** : Extended coverage (departure at 3 p.m., evenings until midnight, arrival), confirmed for major events.

**SUMMARY**

## #21: (SILVER) ARTHUR DORISON (F) – OLIVER SÖDERSTRÖM (SWE)

### OFFICIAL COMMUNICATION I COMTOYOURACING WEBSITE

Oliver is one of the crews registered for Endurance, but he also intends to compete in Sprint.

He will be partnered with Frenchman Arthur Dorison, who will celebrate his 18th birthday next October.

For those in the know, Arthur is one of the greatest hopes of French motorsport.

Here is an excerpt from the beginning of his career, starting with karting:

- Double Minime Champion 2019 NSK & IAME Series,
- French OK-Junior Champion
- and FIA Karting Academy Trophy Champion 2022.

Then in single-seaters:

- F4 France runner-up, with 4 wins and 5 podium finishes...

While Oliver's sporting goals are crystal clear, Arthur's need some explanation: our Junior intends to lead a double life to achieve success. By this we mean a dual career in single-seaters and GT racing.

**Learn more**

**SUMMARY**

## MOTORSPORT, A DRIVING FORCE FOR PROGRESS IN THE SERVICE OF ECOLOGICAL TRANSITION

Motorsport is a catalyst for research and development. Sixteen-year-old Arthur is extremely environmentally conscious and wants to participate in the experiments of this technological revolution that will benefit the planet as a race car driver.

Manufacturers take advantage of technical and technological advances made on the racetrack by transferring them to production vehicles:

- Accumulation of energy during braking (KERS)
- Hybridization
- Electrification
- Hydrogen
- Biofuel
- Etc.

Arthur has chosen to join the French Motor Sport Federation (FFSA) F4 Single-Seater Preparation Program, which uses 100% biofuel.
